

KUBINEC STRAPPING SOLUTIONS

(866) 397-8727
www.KubinecStrapping.com

Our woven polyester strapping is specifically formulated to meet or exceed the break strength of steel banding. This strap is not only a superior alternative for all your containment needs, but provides a safer work environment for your employees and customers.

Our exclusive phosphate-coated buckles have a higher joint-efficiency than any other buckle available and are a perfect companion to the strap

- Coil weighs 1/4 the weight of steel strap coils.
- Reduced failure rate compared to steel strap.
- Ease of disposal.
- Will not rust, stain or damage product.
- Virtually eliminate worker comp issues related to back injuries or skin lacerations.
- Ability to retension strap and reuse strap.

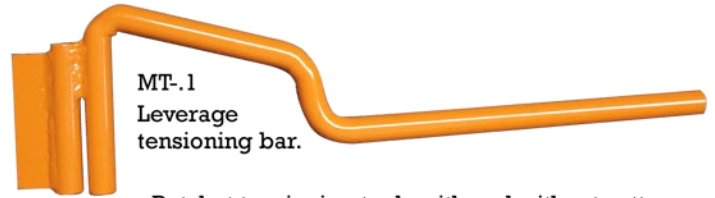

EZSK-34

Our kits are customized for your company's specific daily operations. Whether you're in the yard or driving to a location for a delivery, these kits let you try our exceptional product at a very low cost.
